### **Promote your TESOL Products and Services**

Our academic credibility combined with our social media based outreach to the TESOL community makes us an ideal channel to promote your products and services. From prompting new software products to getting readership for your magazine or blog; from getting participants onto one of your teacher development courses to a wide range of other services, we can help.

*The Package* is a great starting point – why not try us?

*The Package - £70 for 7 days (costed as weekly blocks, but depending on your needs these do not necessarily have to be consecutive days i.e. you could buy 1 week and spread 7 tweets over two weeks or one month).*

*Tweets to our @tesolacademic followers*

We will provide 1 tweet per day for 7 days that you commission with a link to your product or service. Wording begins “Sponsored: ...” thereafter you tell us what you want to say or we can decide on your behalf. We recommend including #TESOL in your tweet and can advise on whether other #tags are appropriate.

*A post on our TESOLacademic Facebook page*

We will provide 1 sponsored post for every £70 purchase block that you make. Each post will link to your product or service, but if you purchase several blocks you will want to change the wording for each post. You can keep as many of your sponsored posts active by adding comments. Your sponsored post(s) will remain on our Facebook page indefinitely, unless you ask us to remove it/them. There is no word limit to this entry but clients are advised to keep posts short and focused. All posts start with the wording “Sponsored post: ...”

*Share an up-date on LinkedIn*

We will post a link to your product or service as a one off LinkedIn update – there is no word limit to this entry but clients are advised to keep it as short as possible. You are encouraged to “like”, “comment” and “share” your posts as this keeps it active. All LinkedIn updates start with the wording “Sponsored post: ...”
